When charming woman has her "rights,"
She'll lecture and stay out nights—
Naught can her high ambition throttle.
And man, who stays at home to nurse
The baby, will his woes rehearse
And fly for comfort to the bottle.

According to the statistical report of the
passenger department of the C. and O. Rail-
way for the year ending June 30th, 1909,
Huntington has advanced from the fifth place
in point of passenger receipts to third place,
distancing both Charleston and Washington.
This leaves but two stations on the entire
main C. and O. system whose passenger re-
ceipts exceed those of Huntington—Richmond,
which holds first place, and Cincinnati second.

The suit of G. W. McMillan and thirty other

A new suit was then filed for the same plain-
tiffs.

"A MAN IS AS OLD AS HE FEELS"
is an old saying, but nevertheless true. When
the arteries begin to harden by the deposit of
mineral matter from the blood, the resiliency
of the blood vessels is destroyed and the circula-
tion becomes poor and sluggish.
Keep the blood rich and pure and the circula-
tion good by supplying to it iron and other
necessary elements in the form of VINOL. If
aged people in this vicinity only realized how
VINOL would restore their strength and vital-
ity we would be unable to supply the demand.

NOTWITHSTANDING the phenomenal warm weather during the past week, it is surprising how well our trade sustained itself, handi-
capped as it was with almost midsummer temperature. We can only ascribe it to the fact that the best things are always the first to sell, and the
scramble for our "best" in the past few days demonstrates that people look and compare and in the wind-up secure the right stuff.
Realizing the expected improvement in trade, we fortified ourselves, and just now our stock of our

BEST SUITS, OVERCOATS and GRAVENETTES

Is again replenished with the newest and snappiest ideas of the best manufacturers. Not only is our fine Shoe trade daily growing, but we are
selling, "and lots of them," the best Work Shoe made in the land. Call for the Barker-Brown Shoe. We warrant every pair to satisfy, as well as
all of our other Shoes.

INFLUX OF TOBACCO

Twenty-Four Wagon Loads Received
Yesterday at the Loose Leaf
Tobacco Warehouse

The vicinity of the Maysville Loose Leaf
Tobacco Warehouse Company, at the corner of
Union street and Forest avenue, presented an
animated and business appearance yesterday
noon.

A big sale, largely attended by foreign buy-
ers, was in full swing, and at the same time
twenty-four wagons, heavily loaded with this
year's crop of the weed, were lined up, being
received into the warehouse.

The American Tobacco Company, a short
distance North of the loose leaf warehouse,
was also unloading quite a number of wagons.

Good prices prevailed and the tobacco grow-
ers returned home with big wads of money
stowed away in their belts.

REDFERN CORSETS

WHALEBONE

WITH fashions changing as quickly as they are,
it is necessary to as quickly introduce new
corset models. As a matter of interest we would
state that the corset models are introduced in con-
junction with dress styles.

We, therefore, find it necessary to introduce to
our customers a number of new Redfern Models, de-
signed as the correct base for the various styles con-
ceived from the Moyen age and Louis XV. fashions,
which this season strike the very highest fashion
note.

The defined, elongated waist is the figure fash-
ion for the current season.

THE most approved dress fashions are modernized
ideas from the fashions of Louis XV. period—
panniers straight and draped—the very long waist,
almost basque in effect, with the draped skirts—any
one of them shows the defined waist.

We have with us this week a corsetiere, pupil
of the designer of Redfern Models, who will demon-
strate to our customers *individually* the adaptability
of Redfern Shapes to this season's fashions.

Her services are without charge, and a pur-
chase is not obligatory.

Redfern Models are boned with purest Arctic Whale-
bone, the superior of any other boning product.

AND as is the back yard, so is the man. There is no surer indicator of character than the back yard. Phrenology and Prof. MÜNSTERBERG'S clever machines are mere toys for amateurs in comparison. If you want to know whether a man is fit for responsibilities,

A Timely Sermon on Back Yards.

if he is trustworthy and respects himself, if he is capable of beating his wife or of tramping his partner's ace, simply stroll nonchalantly down the alley and rubber-neck over his back yard fence. One glance will be sufficient to fix his status as a man and a citizen. The lace curtains at the front windows may be, and frequently are, simply a bluff, but the back yard never lies. If there are any skeletons in the family the back yard is their stamping ground. You can rely upon the rectitude of the man who the year around keeps his back yard immaculately neat. You can rest assured that he is not the kind who make hurry touches for fives and tens, and send the kids across for emergency loans of flour, eggs and coal. But the man who neglects his back yard is fit for treason, stratagems and spoils. When you move into a new neighborhood you can easily cast a horoscope of your future relations by a glance at the adjacent back yards.

The back yard may equivocate at times, but it never lies. It is a chapter in the ethics of the dust which Ruskin overlooked.—Washington Post.

It's a little early, but the Demi-Repubs are starting their political campaign with the slogan: "ROOSEVELT in 1912." It's anything with the trouble makers to get a hearing, and it looks, at this distance, to be too far fetched to array TAFT and ROOSEVELT against each other three years hence. The smarties may have gotten their wires crossed and the slate would sound alright if it were to read thusly:

"For Vice-President, ALBERT J. BEVERIDGE."

Answer This Question

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge the world to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has **Lydia E. Pinkham's Vegetable Compound**, the famous woman's remedy for woman's ills. Unless it is a very good medicine and the claims made for it are honest, such a record would have been impossible—fraud or misrepresentations would long ago have been detected and the business gone into oblivion. Read this unsolicited letter:—

Melbourne, Iowa:—"I suffered for many years with female troubles, inflammation, and bearing-down pains, so that I was unable to do my work.

"Lydia E. Pinkham's Vegetable Compound was recommended, and I am so thankful for the great good it has done me. I feel that I am a living advertisement for this medicine as I have influenced so many of my friends to use it, so thankful am I that it restored me to health."—Mrs. Clara Watermann, R. D. 1, Melbourne, Iowa.

When a woman like Mrs. Watermann is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women. For we assure you there is no other reason why she should court such publicity.

We say it in all sincerity and friendship—try this medicine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Germ in Her System Every Woman Should Read This Advice and the Gen- erous Offer That Goes With It

The number of diseases peculiar to women is such that I believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. I positively declare this to be a mistaken idea. I am so sure of this that I offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate my claims. With this understanding, no woman should hesitate to believe my honesty of purpose, or hesitate to put my claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Reckall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

I want you to try Reckall Mucu-Tone on my guarantee. If you are not benefited, or for any reason not satisfied, simply tell me and I will hand back your money. Reckall Mucu-Tone comes in two sizes, 50 cents and \$1. Remember, you can obtain Reckall Remedies in Maysville only at my store—The Reckall Store. Thos. J. Chenoweth.

Inquiry following a humorous incident shows that nearly 100 girls in the Kansas City High School have never seen a live hog. It has been related that a High School girl recently went to the country and seeing a pig run across a yard asked what animal it was. On receiving the information that the scampering beast was a hog, she exclaimed: "Why, it has hair!" This led to an inquiry on the subject and a canvass of all the High School girls in Kansas City showed that some 200 marriageable girls of the second largest live stock market city in the world had never seen a live member of the porcine family.

DAMAGE SUIT

Appellate Court's Opinion Rendered
in Mason County Case

In reversing the suit of the C. and O. Railway Company vs. Lang's Administratrix, taken up from this county, the following opinion was handed down by Judge Hobson of the Court of Appeals—

First—Railroads—Signal of Approach of Train—Evidence—Instructions.—If a signal of the approach of the train had been given deceased might have protected himself by jumping from his velocipede, and while the testimony of the Company was to the effect that the engineer did blow his whistle, the weight of the evidence is that no whistle was blown until after deceased had been struck and the train some feet beyond the point at which the accident occurred. Therefore, the peremptory instruction asked by the defendant was properly refused.

Second—Instructions.—There was no evidence that the peril of deceased was discovered by anyone but the engineer, and the word "engineer" should have been used in the instruction complained of instead of the words "agents and servants." And in another instruction instead of the words "promptly used all the means in their power," the words "used ordinary care in the exercise of all reasonable means at his command consistent with the safety of the train" should have been employed. Messrs. Worthington, Cochran & Browning were the attorneys for appellant, and Thomas D. Slattery for appellee.

The slight rise in the upper Ohio has enabled some of the towboats to make their way to the Kanawha river with much-needed empties.

Lower Ohio river boats are carrying large shipments of hay, tobacco and a good deal of miscellaneous freight, potatoes, apples and grain.

The United States lighthouse boat Goldenrod, which made the trip down to New Orleans with the President's fleet, is at Louisville on her way to Cincinnati, her headquarters.

Two steam pumps made in Connellsville have been received at Pittsburgh by the builder of the steamer Oregon, the Christian Church missionary boat that is to see foreign service on the Congo river. The pumps with the boat, which is built to be taken apart, will make one of the longest trips upon which a similar craft was ever sent.

The Woman's National River and Harbor Congress is sending out invitations to the wives and daughters of rivermen to become members of the organization. Late reports show that the organization now has more than 2,000 members. The Congress was organized in Shreveport, La., June 29th, 1908, with seven members. The object of the organization is to secure for the country the conservation of all its natural resources and particularly the preservation and development of its waterways and forests.

The readers of this paper will be pleased to learn that there is at least one druggist in this city who has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Stops Neuralgia Pains

The shooting, tearing pains of neuralgia are caused by excitement of the nerves. Sciatica is also a nerve pain.

Sloan's Liniment, a soothing external application, stops neuralgia pains at once, quiets the nerves, relieves that feeling of numbness which is often a warning of paralysis, and by its tonic effect on the nervous and muscular tissues, gives permanent as well as immediate relief.

One Application Relieved the Pain.

Mr. J. C. LEE, of 1100 Ninth St., S. E., Washington, D. C., writes:—"I advised a lady who was a great sufferer from neuralgia to try Sloan's Liniment. After one application the pain left her and she has not been troubled with it since."

MAN-FASHION SHOES FOR BOYS.

No need to make boys' shoes clumsy and bungling just to make them stand wear. Our Shoes for Boys are as graceful and stylish as our Shoes for Men. They are made for hard wear and to stand sturdy knocks, but they have a style about them that will make the boy proud of them and careful of them, too.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it: M. C. Chisholm, 317 East Second street, Maysville, Ky., says: "The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

DRESS GOODS

To Be Sold Regardless of Cost.

Winter is so late coming that we have an unusually large stock of Dress Goods on hand and prices will be cut on every piece in the house. A sample of the cuts is here given:

39c buys Secilians, Serges, &c., worth up to 65c.
50c buys all kinds of new, attractive goods, worth up to \$1.
79c buys the newest and best goods, many of them are the \$1.25 quality.

Silks are in this sale and you will find many lengths for waists and suits at very low prices. No shoddy goods on sale, therefore no sensational prices; only good qualities at low prices.

Trimnings at cut prices in lots at 5c, 10c and 19c, worth much more. Cotton Goods of all kinds are advancing in prices, and we are selling at old prices, so now is the time to buy and save money.

ROYAL BLUE

For Laundry Use.

Is a very high grade of Bluing and specially prepared with the utmost care. Gives clothes a bright, fresh shade, with a beautiful lustre. It does in no way streak the clothes, as those cheap, inferior grades do. Many of the finest laundries throughout the country use this Bluing daily with perfect satisfaction. You will like it. One ten-cent powder, put into a quart of clear fresh water, will make you as much excellent Bluing, in liquid form, as you pay 50 cents for, and of a much better quality. You can make half a pint of excellent Blue Ink by dissolving the powder in half pint of water. Prepared by
